Session: 2021-2022

Report on

One day Workshop on Research Methodology

Date of Workshop: 9th June, 2022

Program: Computer Science & Engineering

No. of students participated: 48

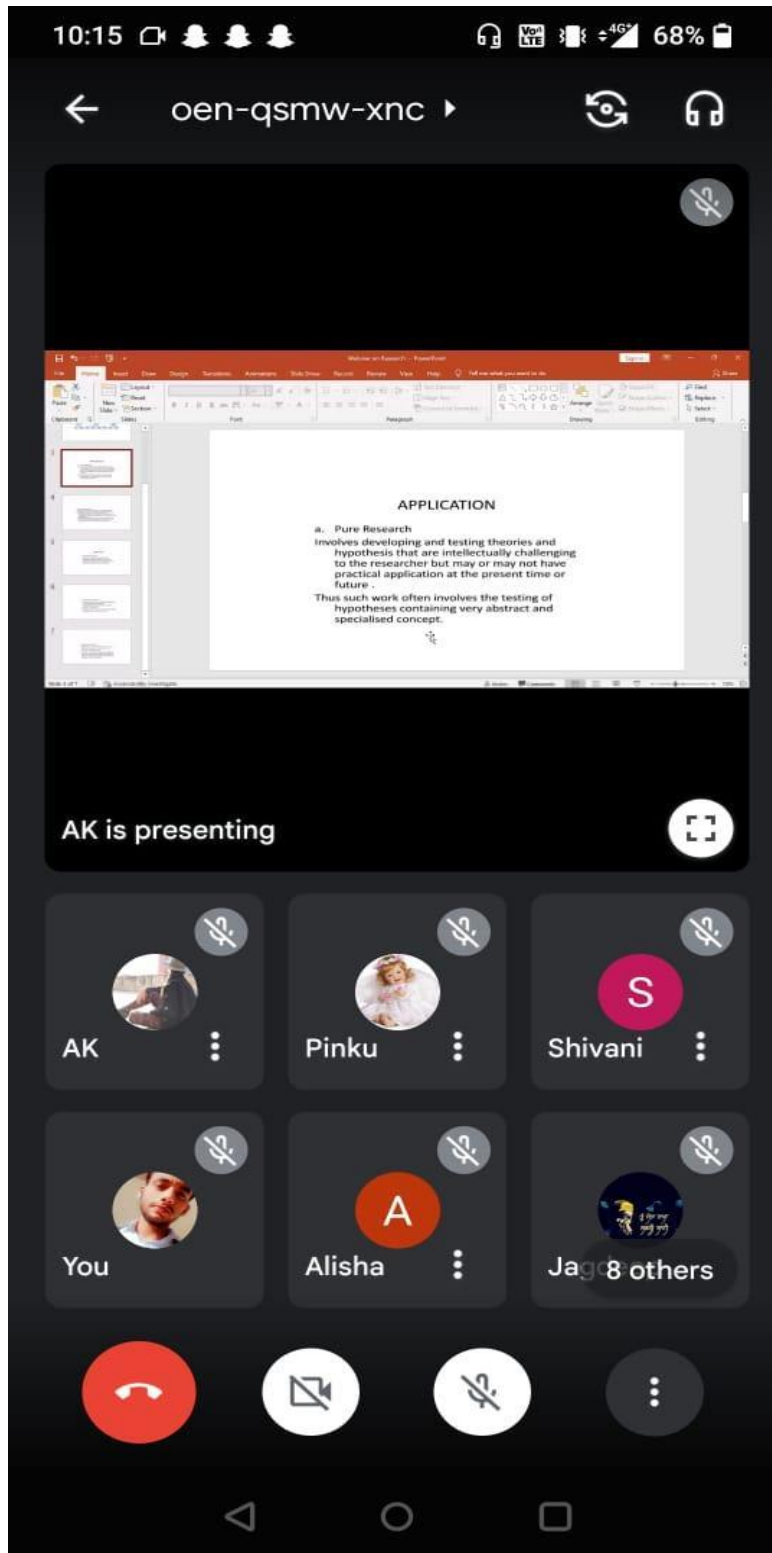

Name of resource person: Er. Bignonjot Kaur, Panjab University, Chandigarh.

Baba Farid College of Engineering & Technology through AI and Design club organized a Workshop in the Department of Computer Science & Engineering on “**Research Methodology**” for the students of 6th semester of B tech. The event was coordinated by Er. Amritpal Kaur, Assistant Professor, Department of Computer Science and Engineering. A total of 16 students attended the Workshop. This Workshop was organized to make the students know about research. As some students might be interested in pursuing further studies like masters in engineering and the doctorate, so this workshop was organized to make students aware about research. In this, Er. Bignonjot Kaur gave information about what is research, its different types and an appropriate way to do a research.

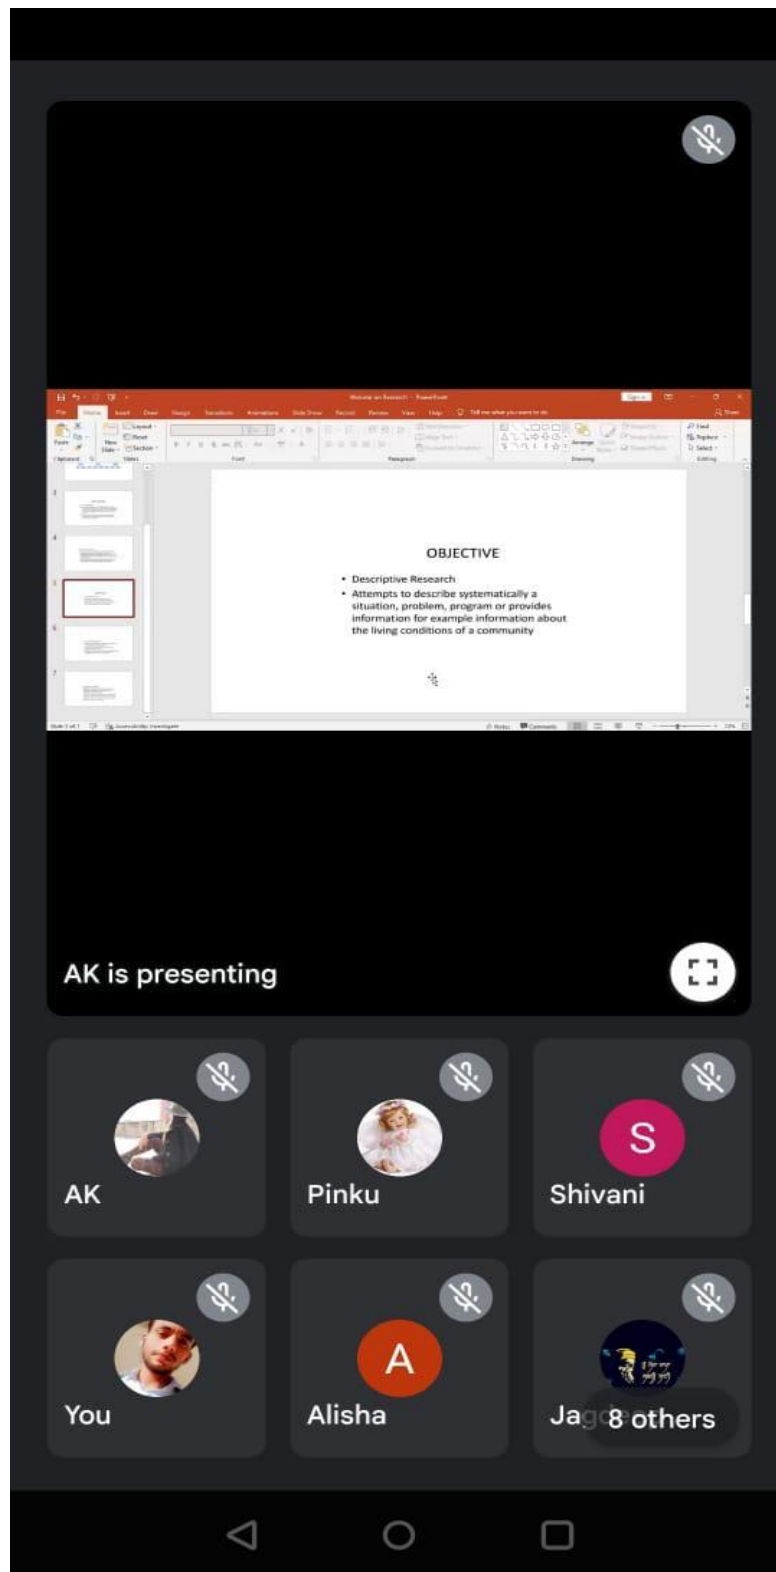

Er. Bignonjot explained that research is doing search on a thing again(re-search). She further explained the different types of research, including pure research, applied research, descriptive research, exploratory research, correlational research and explanatory research. Probing further, she explained various steps included in research. She emphasized on literature review as one of an important step for doing research in any field. She elaborated all the research types with examples.

The session was quite useful, students showed great interest.

REPORT

Expert Lecture on Career Opportunities in Indian Air Force

Session: 2021-22

Seminar Date: May 05, 2022

Venue & Time: Seminar Hall & 11:00 AM onwards

No. of Participants: 55

Resource Person: Flt Lt Neha Chuahan, Indian Air Force

Baba Farid College of Engineering and Technology organised an expert lecture on “Career Opportunities in Indian Air Force” on May 05, 2022, in the Seminar Hall. Its aim was to guide the Students about **Career in Indian Air Force** after graduation. Flt Lt Neha Chuahan (Education Officer) delivered the lecture. The lecture was attended by the B-Tech students of electrical, electronics and computer science engineering. Flt Lt Neha Chuahan apprised students about the career options available in the IAF and regarding various IAF admission schemes. Flt Lt Neha Chuahan discussed about the benefits provided by the IAF. Students asked questions related to admission in the IAF, which were answered by both the officers in a satisfactory manner. A video regarding the achievements of the IAF was shown to students.

In this lecture, expert goes through all the possible entries into the Indian Air Force (IAF). She said, “The IAF consists of three branches-flying, technical (aeronautical engineering) and ground-duty”. Let’s know about them one by one. A career in Indian Air Force is a lucrative option for students.

Ground-duty branch Both Indian men and women, aged 20-23 if graduate and 20-25 if postgraduate, are eligible to apply. Candidates below the age of 25 years must be unmarried. Air Force Common Admission Test (AFCAT) is conducted for entry into all the ground-duty branches. It is a 2-hour multiple-choice based exam covering questions from areas including general awareness, verbal ability, numerical ability, reasoning, and aptitude. It is conducted twice a year.

Flying branch This branch can be joined right after completing schooling (through National Defence Academy/NDA) or after graduation. For details of the NDA exam, see our other blog post here. Graduates can seek entry through the Combined Defence Services Examination (CDSE). Only unmarried Indian males, aged 19-23 can apply. There is no minimum percentage requirement in graduation for CDSE entry. However, candidates should have Physics and Maths at 10+2 level. CDSE exam is followed by a Services Selection Board (SSB) interview. CDSE is an objective exam consisting of 120 questions each from English, General Awareness and Maths. It is conducted twice a year.

The students said that they were fully satisfied as the session was very fruitful for them. They had gained lot of knowledge about the IAF exam and had also realized the importance of competition for their career. They wished that such kind of Seminars should be organized in future also.

BABA FARID COLLEGE OF ENGINEERING & TECHNOLOGY, BATHINDA

REPORT

Seminar on Guidance for Graduate Aptitude Test in Engineering

Session: 2021-22

Date of Seminar: May, 10, 2022

No. of Participants: 57

Resource Person: Dr Vijay Kumar Bhaskar, Master Trainer, GATE Revolution Institute, Chandigarh

Event Coordinator: Er. Abhi Garg

Seminar on guidance for Graduate Aptitude Test in Engineering GATE has been conducted in the Seminar Hall, of Baba Farid college of Engineering & Technology on May 10, 2022, to provide detailed information to the students about the importance of Graduate Aptitude Test in Engineering. Qualifying this test would make them eligible for Higher studies and Government jobs.

The keynote Speaker Dr Vijay Kumar Bhaskar was cordially welcomed by Er Harsimran Singh. In the welcome speech Er Harsimran Singh focused on importance and need of cracking competitive exams to achieve success in life.

Thereafter, the session was proceeded by Dr Vijay Kumar Bhaskar who is GATE Qualified and presently working as Master Trainer at GATE Revolution Institute ,Chandigarh. In the introduction Dr Bhaskar said “Graduate Aptitude Test in Engineering is an all India entrance examination conducted for admissions to M.Tech, M.E courses at IITs, NITs, other GFTIs and many private universities and institutes across the country. Candidates in their final year are also eligible to apply and appear for GATE.”

The Speaker further told that GATE is held for 23 papers inclusive of a new one i.e Petroleum Engineering. GATE 2023 will be organized by the Indian Institute of Technology Roorkee and will be administered in association with the seven Indian Institutes of Technology (IITs) for the National Coordination Board GATE, Ministry of Human Resource Development (MHRD), Department of Higher Education and the Government of India.

Students attending the Program on Gate Exams

The students exhibited their satisfaction that the session was really beneficial for them. They had learnt a lot and got valuable information related to GATE. They wished that such kind of Seminars should be organized frequently.

At the end Vote of thanks was presented by Dr.Jyoti Bansal and she thanked Dr. Vijay Kumar Bhaskar for motivating & inspiring the students to crack competitive exams to achieve their goal and be successful in life.
